PROFESSIONAL SUMMARY

Cybersecurity practitioner with hands-on experience across offensive and defensive security, supported by CompTIA Security+, Certified Web Security Expert (CWSE), CAPT, and CSOA certifications earned through 80+ practical, scenario-based labs. Strong in web application security and penetration testing — OWASP-based testing, enumeration, exploitation, and privilege escalation — and in security operations, including SIEM/EDR monitoring, log analysis, incident response, and threat hunting. Brings a strong investigative and analytical mindset from a legal background, with a consistent focus on methodical testing and clear, actionable reporting. Seeking a SOC Analyst or Junior Penetration Tester role where technical skill and disciplined documentation deliver real value.

CERTIFICATIONS

- **CompTIA Security+** — Credential ID COMP001022996371
- **Certified Web Security Expert (CWSE)** — HackViser; advanced web application security & exploitation (OWASP Top 10, SQLi, XSS, file upload, command injection, LFI/RFI) — practical exam on live systems
- **Certified Associate Penetration Tester (CAPT)** — 40+ hands-on labs (web, network, privilege escalation, OSINT)
- **Certified Security Operations Analyst (CSOA)** — 40+ hands-on labs (SOC, SIEM/EDR, IR, threat hunting, forensics)

Detailed exam reports and lab write-ups available on request.

TECHNICAL SKILLS

Offensive Security: Penetration testing, vulnerability assessment, OWASP Top 10, web application security, reconnaissance & enumeration, exploitation & validation, privilege escalation, OSINT, social-engineering fundamentals

Defensive Security / SOC: Security monitoring, threat detection, SIEM & EDR, log analysis, incident response & analysis, threat hunting, threat intelligence, threat modeling, packet & network analysis, phishing analysis, digital forensics

Foundations: Network security, operating-system fundamentals (Linux & Windows), cryptography fundamentals

Tools & Platforms: Kali Linux, Nmap, Burp Suite, Wireshark, Gobuster, ffuf (adjust to match your toolset)

Reporting: Proof-of-concept development, reproduction steps, CVSS scoring, business-impact analysis, technical & executive reporting

CYBERSECURITY EXPERIENCE

Freelance Penetration Tester

Jan 2024 – Present

Remote, Indonesia · Regional enterprises & public-sector clients (confidential under NDA)

- Deliver end-to-end penetration tests using a structured five-phase methodology: scoping & rules of engagement, reconnaissance & enumeration, vulnerability analysis (OWASP Top 10 and business-logic flaws), safe exploitation & validation, and reporting with retest.
- Identify and verify web-application and network vulnerabilities, producing reliable proof-of-concept exploits and prioritized, risk-based remediation guidance.
- Author professional reports with clear reproduction steps, CVSS scoring, and business-impact analysis tailored to both technical teams and management.

PROFESSIONAL EXPERIENCE

Paralegal

[Month Year – Month Year]

Law Firm · Tulungagung, East Java

- Conducted case investigations and legal fact-finding — gathering, organizing, and analyzing evidence and supporting documentation for active cases.
- Drafted legal and administrative documents and managed case files with accuracy and strict confidentiality.
- Supported non-litigation services (negotiation and mediation) and delivered legal education and initial consultations to clients and communities.
- Performed legal research and monitored regulatory updates to support attorneys and associates; contributed to policy advocacy at village, district, and provincial levels.

Automotive Sales & Marketing

2022 – 2025

Tulungagung, East Java

- Generated and qualified leads through social media, showroom events, exhibitions, and CRM databases.
- Conducted negotiations and financing/credit simulations with leasing partners to close vehicle sales.
- Managed full sales documentation (SPK, STNK, BPKB) and nurtured client relationships to drive referrals and repeat business.

Warehouse Supervisor

2023 – 2025

Tulungagung, East Java

- Oversaw inventory control and regular stock-opname to keep physical and system records accurate.
- Supervised inbound and outbound operations (receiving, storage, shipping) and coordinated staff scheduling, training, and performance reviews.
- Enforced company SOPs and workplace-safety (K3) compliance and prepared operational and shipping reports.

EDUCATION

Bachelor of Laws (S.H.)

2017 – 2021

Universitas Islam Kadiri, Kediri · GPA 3.68 / 4.00

SMA Negeri 1 Kedungwaru

2015 – 2017

Tulungagung, East Java
